EASY AS 1-2-3

Had a hard day driving around on your Elephant? Honeybear suggests stopping in for a refreshing, self-built G&T. Mix and match the Gins, Tonics and Aromatics below to your choosing.

1) GIN

SAFFRON GIN 11

The name evokes bygone times and faraway lands. The recipe, too, has sailed through time and country — Dijon, France.

MARTIN MILLER'S GIN 12

All gins are cut to 40% water, so Martin Miller's decided to cut their British gin with the purest water on the planet, in Iceland — Oldbury, United Kingdom.

BATHTUB GIN 16

It took a special kind of drink to endlessly fuel the flapper girls and speakeasies of the roaring twenties. And it's this one — Kent, United Kingdom.

2) TONIC

BURMA TONIC WATER

None too fizzy, doubles down on the quinine for extra antimalarial protection - and twice the taste.

GRAPEFRUIT TONIC WATER

Long before they got it wrong with Brexit, the British got it jolly well right with this delicious grapefruit tonic. Twice the vitamin C, don't you know.

ROSE TONIC WATER

The perfume of crushed roses has beguiled palettes for centuries - as will this floral, aromatic and delicate tonic. Blended by Honeybear.

3) AROMATICS

Cardamom Bitters and Cucumber.
Lemongrass and Pomegranate Pearls.
Pink Peppercorns and Lime leaf.
